

Client Escrow Accounts

Residential Programs

Escrow accounts are established on the client's behalf for personal spending, medications, lab work, outside doctor visits, etc., Turning Point of Tampa is not responsible for these charges/expenses. Therefore, we suggest the client make an initial deposit of \$300.00.

If an RPR test (state mandated) is required upon admission, an \$18.90 charge for the lab work will be deducted from your account. **If you have insurance coverage for prescriptions and lab work, it is imperative that you let our nurse know so we can better serve your insurance needs.**

Transportation to and from your physical and/or any lab work requested by our physicians, will be provided free of charge. If for any reason you require transportation to other destinations it will need to be arranged through a safe family member, or your support network. If transportation cannot be arranged, Turning Point of Tampa will provide transportation for a fee of \$50.00 for locations inside Hillsborough and Pinellas County, and a fee of \$100.00 for locations outside Hillsborough and Pinellas County.

Every Friday clients are able to withdraw up to \$61.00 for weekly spending money. A \$1.00 check processing fee will be deducted from this withdrawal. The weekly cash withdrawal is for the client's personal items, activities, etc. for the following week. A copy of the client's ledger will be given to client weekly, so that they can keep track of their account.

Credit card charges to escrow will be charged a fee of 2.4% unless the card being used is an American Express account which is charged at the rate of 2.5% for any cash advance (the amount of escrow being charged). Incoming wires to escrow will be charged \$10.00. Discharge balances will be disbursed by check only to the person who deposited the money into the account

I have read and understand the aforementioned.
