### Method of Analysis: EDLab SOP-7-27(RT-qPCR)

- 1) The result applies to the specific surface from where samples was collected.
- 2) This test is not for Clinical Diagnostics.

*The results in this report apply only to the sample(s) specifically listed above and tested at Environmental Diagnostics Laboratory. Unless otherwise noted, samples were received in good condition. Laboratory-prepared Quality Control (QC) samples are analyzed with the samples routinely; however, unless a blank (control) is received, the result for the control is not compared.*
